PHILADELPHIA, PA, OCTOBER 30th 2002 – In it's first week of release, The RIGBEES debut disc *AM Radio Companion* has spawned two tracks receiving significant exposure on the airwaves at 88.5 WXPN in the band's hometown of Philadelphia.

The track "*Sweet Jesus*" was featured by Host David Dye on WXPN's "World Café," which broadcasts daily on 150 public radio stations nationwide and, according to WXPN's website, "serves as a microcosm of the station's programming culture, featuring a rich eclectic blend of contemporary rock, folk, alternative country, rhythm and blues, world beat and jazz." This national exposure serves as a suitable springboard for The RIGBEES, who are gearing up to launch a targeted radio promotional campaign to both the AAA and Americana radio formats.

"The Rigbees have the advantage of writing songs that are instantly recognizable melodically and stylistically," says World Café Host David Dye. "And there is more than one on *AM Radio Companion*, it is an auspicious beginning."

Three additional tracks from *AM Radio Companion* ("*Chaos Rules*," "*Wide Open*," and "*Coming Around Again*") are aired regularly on WXPN in the midday timeslot during Music Director Helen Leicht's "Leicht Lunch" Program (10 am – 2 pm). Helen invited the band to perform live on air, generating overwhelming listener response, which led to the lead track "*Chaos Rules*," being voted into the *Top Ten Most Requested Songs* for the week. The RIGBEES find themselves in good company, sharing the spotlight with new songs from *Dave Matthews*, *Beck*, *Peter Gabriel*, *Ryan Adams*, *Steve Earle*, *Rhett Miller*, *Duncan Sheik*, *Aimee Mann*, and *The Pretenders*. As a result, "Chaos Rules" was added to the station's regular playlist rotation.

The RIGBEES are a Philadelphia, PA based band that offers driving, energetic and heartfelt singer/songwriter roots-rock as a backdrop for refreshing, original songs about Everyman's pursuit of truth, beauty, happiness and fulfillment.
